Subject: - Kerala State Medical Councils – Validity of online classes of FMGs in different countries – matter of students who are not able to get back to their respective universities due to war and covid pandemic – Clarification – reg.

Dear,

I am directed to refer to your letter dated 07.02.2022 on the above subject.

2. In this regard, it is informed that in view of COVID-19 pandemic, theory classes were permitted online. However, for Clinical and Practical training, candidates are required to undergo the same physically as mandated by NMC in circular dated 30.09.2020 for Indian Medical Graduates. This policy is for all States in India. Same yardsticks apply to FMGs also since Medical Education involves human life. They have to complete the Clinical training in physical form from the same Medical College/University which is granting them Medical Qualification and submit the Certificate of clinical clerkship/training.

3. This is issued with the approval of President, UGMEB.

(Shambhu Sharan Kumar)
Deputy Secretary, UGMEB
